Your My Baby [x4]

[Chorus]

You'll Be My Girlfriend
And I'll be you boyfriend
Lets make it official,
Cause I want you Girl
You'll be my girlfriend
And I'll be your boyfriend
Lets make it official
Cause I want you Girl
(your my baby)

My buddy and kid sister
You and me,
Get down like 2 slacks on the side of the street
First I gave my heart
Then i gave you the key
Then I stepped up to da plate
And gave you all of me
You had me fallen like some leaves in the summer
You had me fixen things like i was a plumber
You do the math, man around the house
I did it all for you, baby what you talkin bout
I started out talkin to your best friend
Next thing I knew you was my girlfriend
Now I got beef wit your ex boyfriend
But it's all good because, your my baby
It ain't no problem baby blu can't solve,
Cause I relieve headaches without tylenol
With you on the sideline, ya boy gon ball
I'll give you my all

[Chorus]

I know you used to me being slick and slimy
Comin home late
When Im with the boys im shining
Baby girl, what's wrong
We started like a nappy head to to a hot comb

One minute im dead, the next im gone
I gave you a shoulder to lean on
A team to be on
I got your head spinning like a bottle of rum
Lets get it on,
Beat the ?? while im in the zone
Im ready to come home
To see my queen on the throne

[Chorus]

I really want you baby (want you baby)
I need you in my life (in my life)
I got to have you honey
I want to spend some time
Girl I want you like the new J's
Your sweeter than candy
Your fine like wine
Girl your one of a kind
So fine, I think about you all the time
Your always on my mind

[Chorus]
