Every day I wake up  
Every day I wake up alone.  
Every day I wake up  
Every day I wake up alone.  
Let me open up the discussion with  
"I'm not impressed with any mother fucking word I say"  
See I lied that I cried when he came inside  
And now I'm burning a Highway to hades  
Shut the fuck up when I'm trying to think  
I gotta keep my concentration  
Give me one more drink  
And then I'll try to remember all the advice that my good book told me  
And all the lost souls says

Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Oh, get me out of the sun  
Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Someone get me out of the sun

Drugs bars,  
backseats of cars  
Blowing boys  
What a boring life I've led so far  
Just a prime thirteen when I rode this machine  
Tried to keep my body dirty and my eyes closed and clean  
So with a wink and a smile and a vial of meth  
I took his hand and we walked through the shadow of dead  
And then I try to remember all the advice  
That my teacher told me  
And all the lost souls says

Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Oh, get me out of the sun  
Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Oh, get me out of the sun  
Someone get me out of the sun  
Someone get me out of the sun  
Deep, deeper, deeper inside  
Pull the wool nice and tight  
So that it covers your eyes  
Can't find a God, a love, a Jesus, a father  
I don't even care that much  
so why do I even bother?  
So let me just end as I was gonna begin.  
Don't waste your time waiting  
cause I'm going back in  
Now if I could just remember  
all the advice that my mother told me.  
and all the lost souls says

Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Oh, get me out of the sun  
Every day I wake up  
Every day I wake up alone  
(Kill me just kill me)  
Oh, get me out of the sun  
Just get me out of the sun  
(kill me just kill me)  
Someone get me out of the sun  
(kill me just kill me)  
Someone get me out of the sunwilight
