[Baby Blue]

Yeah,
Baby Blue,
Woah,

I love comin home
You blowin on me like a saxophone
I'm blowin on you like a trombone
You play ya song when I turn you on
Let me be your kit-kat good gurl
Bend over gnst ya gurl
GOT ya leg strapd around my neck,like git time hurtin
ya gurl
Bumpin in my car at the pod
YOU can get this music anywhere,
Even at Walmart
In the parkin lot, even the shoppin cart
I do nasty things in the dark
We steadily bumpin, hittin you with this bird cusion
Bout to make you have a concussion
Makin music is really really something

[Chorus]

[Bridge]

Oooo ah oooo ah oooo ahhh(oooo ah)

[Spec]

We makin from the bed squeakin back and forth
Sweet music boy you tellin me that you want some
more
I make you seem like a choir higher and higher
I put my lips on any place that you desire
I wanna hold ya,
I just squeeze ya,
Don't wanna tease ya,
Just wanna please ya
We got the neighbors sayin keep the music down
When we goin all night,
So enjoy the sound

[Slick]

Slick'em hound,
Let me pump ya pump ya up louder louder like the
stereo
I turn you on all night
Like my rode radio
I can be your violin I just want to stroke ya stroke ya
YOU tell me im your trumpet just lay back and let me
row ya row ya
Put you in my my arms, beat that thing how I play my
drums
Ra-ta-tat-tat to the ta-tat-tat
Rum-a-bum-bum-bum
Body shakin in the bed like a tamborine
Phone in my ear til you fall asleep
The way we bumpin and grindin all night to the
beat,you remind me of my G

[Pleasure]

Your my favorite song , when I turn you on
I heard you all night long when I turn you on

[Chorus]

[Bridge]

Oooo ah oooo ah oooo babyy babyy[repeat til end]

[Talkin til end]
