Oh boy how you get this far  
Oh you wont get a job  
And you wont get a car  
And I guess that lifes just to much strife  
For a boy like yous just to good for the 9-5  
"oh but mother I got my band  
We're the next big thing in lala land.  
Stetsons and skinnies  
I've stolen from hennies  
Will get us a deal  
Pay back all of the pennies"

Oh Boy, what will we do with ya  
Oh boy, want nothing to do with ya  
Oh boy, what have they done to ya

Oh boy what went wrong with your back combed hair  
And your leggings on he said  
"when I was your age, I worked for my wage  
You need to advice, marriage was my vice"  
Oh father don't you see  
What brick lane did for me  
All of the things that you wished  
And you missed to be  
To late to correct your mistakes  
I got what you gave and uh, I'm gonna take...

Oh Boy, what will we do with ya  
Oh boy, want nothing to do with ya  
Oh boy, what have they done to ya

~solo~

Oh Boy, what will we do with ya  
Oh boy, want nothing to do with ya  
Oh boy, what have they done to ya  
Oh boy, forget it I'm through with ya  
Oh Boy, what will we do with ya  
Oh boy, want nothing to do with ya  
Oh boy, what have they done to ya
