In the days when children sung  
In the heart claim shattered son  
You were right in telling them  
Where they were beneath the snow

Space call God right now  
Let them be judged upon  
What they've done to him my son  
In the snow before the sun

Please God right now  
Please God right now

If they could only say all the things they saw would  
They?  
They were only boys  
With time I create  
Invest investigate puzzle solved belated

If they could only say all the things they saw would  
They?  
They were only boys  
With time I create  
Invest investigate puzzle solved belated

Which one killed my boy?  
My question to incriminating convoy  
I want death and blood for my son  
We will curse that forms the sun

Please God right now  
Please God right now

If they could only say all the things they saw would  
They?  
They were only boys  
With time I create  
Invest investigate puzzle solved belated

If they could only say all the things they saw would  
They?

They were only boys  
With time I create  
Invest investigate puzzle solved belated

If they could only say all the things they saw would  
They?  
They were only boys  
With time I create

If they could only say all the things they saw would  
They?  
They were only boys
