It's time to take it easy  
Time to go slow  
Time to let my soul rest  
Yeah and let the clock go  
I'm gonna let the clock go

Hanging on my front porch  
Sun in my eyes  
Perfect iced coffee  
Smiling all over my insides  
Oh I'm smiling all over my insides

All for me  
All for me  
All for me  
Today's all for me

Yeah it's one of those days off  
When nothing could go wrong  
It's me and my heart  
Just watching the world spin along  
We're watching the world spin along

But all these little things seem so big  
And life is moments  
Endings don't exist  
And all I thought I knew has come undone  
I know that I'm at my best when I'm dumb

And it's all for me  
Yeah all for me  
All for me  
All for me

Another day slips, the stars show their light  
I'm thinking it's crazy that that moon shows up every  
Night  
Do you believe that moon shows up every night  
So to always live in wonder  
And to always be a child  
To never take for granted all the love that's in my

Life  
Oooh look at all the love in your life

All for me  
All for me  
All for me  
Yeah, all for me  
Yeah, yeah, yeah...  
Wooh
