Easy

Don't know how to do this without it hurting
There's no way to let you down slow
And there's nothing that I would rather do than
Pretend that I was still in love with you
But through all of this you have been extraordinary
By the way you've taken me for who I am
The way you have forgiven all my indiscretions
And for that I owe you
All the heart I have
But oh after all this starting over
And I'm dreaming of another
Wondering if there is something better
Out there for me
For me
For me
I want a love that's easy
Looking for a love that's easy
Gotta pull back now and focus in
Somewhere in all this is a detail I have missed

The way you love me all the way
All the way down
And for that I owe you
And it's your hand on my back
Yeah you split me from the inside
All the feeling that I have
Out there
For me
For me
For me
Making love was easy
For a love that's easy
I'm gonna turn this moment into art
Turn these hours into years
For every secret that I told
There's no room inside there
For a love that's real
Out there for me
For me

For me
Need a love that's easy
Looking for a love that's easy
A love that's easy
A love that's easy
