Well I got money in the bank
And I got a car to drive
And I got a working set of hands
That my guitar seems to like

Cause I got a love that won't quit
And I got time to rest
And I got a clear and able mind that sees my life
Going fine

Yay
Cause everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands

Everything I need

And I got a floor to dance on
And I got a phone to laugh in
And I got a tub to cry in
And I got a bed to hide in

Oh but sometimes I only see what's wrong
Sometimes I'm convinced my god has up and gone
I'll never write a hit song
My love is going to leave me
Hanging

Hey
But everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands

Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands

Everything I need

I got money in the bank
And I got a car to drive
I got a love that won't quit
And I got a clear and able mind

Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands
Everything I need
Is right here in my hands
Right here in my hands
Right here in my hands

Everything I need
I got everything I need
