Yeah, here's the truth
I've been here before
Living in the passing lanes of lifetimes
When all you can feel is all you've lived for
When the world was for taking
and regret was not for-sale
And when bitterness was something you could taste
and not feel

And I've lost time and fallen in-love
But I know enough by now to know
That I'm gonna break your heart,
I'm gonna break your heart

Yeah I saw you comin
Up the coast, down the street
All up in the newness of this city
Nothing but the future at your feet
And you may think you're here to fix me
Crack me open and trip me
But I don't need fixin
I need to keep my arms swingin

And I've lost time and fallen in-love
But I know enough by now to know
That I'm gonna break your heart,
I'm gonna break your heart
Oh, so what are you here for? To confuse and set me
back?
Testing my resistance, using a word like love like that
I am no detour and I'm not the marrying kind
And if you want to know the truth darling
I'm currently walking a thin line
I'm walking a very thin line

For now I'll try not to think too much about the outcome
Gonna stand inside my truth
Let come undone what is done
Everybody knows, everybody knows
Everybody knows, everybody knows
I'm still waiting for you
I'm still waiting for you

I'm still waiting for you
I'm still waiting for you

Whoo hoo

I'm gonna break your heart
I'm gonna break your heart
