Youve got some kind of nerve
Coming back here for more
Like im just going drop everything im doing
So you can humiliate me a little more
Youve got some kind of nerve
You got some kind of ego
Yeah for looking at me like that
Like your eyes are going to make me crawl back to you
Like what am I supposed to do now, just forgive you?
But baby im done
Im done with you
Yeah baby im done
Im finally done with you
So if you think that you might have made some sort of
mistake
In leaving me
Well guess what
Youre too late
You got some kind of mouth
For talking to me like that
Bragging about your Hollywood friends
Like that's going make me want you again
Makes me think you know that you never even knew me
Makes me understand
That the whole time it was you
Just using me
But baby im done
Im done with you
Yeah baby im done
Im finally done with you
So if you think that you might have made some sort of
mistake
In leaving me
Well guess what
Youre too late
Im done with you
Yeah baby im done
Im finally done with you
So if you think that you might have made some sort of
mistake
In leaving me
Well guess what

Too late
Your too late
Your too late
Your too late
