If you're going down
Call me first
I see the edge
Of the water line
From the back yard
It's not that far
For me to go
All I need from you baby is an invitation

Your love is quiet
Slow and long
Like the scent of a lily
As we carry on
And it's not for me
To sit here and judge
The differences between us
As they play us

So cmon lets go
In up to our necks
We can watch the rise and fall
Hold my hand under the water
Yeah cmon lets go
To where our hearts are weightless and slow,
Where our hearts are weightless and slow

You're teaching me patience
And I'm teaching you fast
We are gravities definition
I fly, You catch
But we both think today...
Is really all we got
So if you're going down to the water's edge
Baby you better pick me up

Yeah c'mon lets go
In up to our necks
We can watch the rise and fall
Hold my hand under the water
Yeah c'mon lets go
To where our hearts are weightless and slow,

Where our hearts are weightless and slow

So if you're going down
You better call me first
I can see the edge of the water line,
I see the edge of the water line

So c'mon let's go
In up to our necks
We can watch the rise and fall
Hold my hand under the water
Yeah cmon lets go
To where our hearts are weightless and slow,
Where our hearts are weightless and slow
