A Devil said to me
A devil said to me
A devil said
A devil said to me
A devil said to me
A devil said

So you say you wanna be a rock star
You better read my book, go to my seminar
And kiss my pinky ring I know it's hard
But I can make you sing like an angel

A devil said to me
A devil said to me
A devil said
A devil said to me
A devil said to me
A devil said

So you say you wanna smoke cigars
And go on vacation on your private star
Well I can grant you this for just one kiss
I'll make you rich and famous

A devil said to me
A devil said to me
A devil said
A devil said to me
A devil said to me
A devil said

A devil said to me
A devil said to me
A devil said
A devil said to me
A devil said to me
A devil said
