"Submission Song"

Take me home on a motorcycle
Twist my ear and pull my hair
Bite my tongue and make me swear
Pinch my skin yeah punch me there

Submission to the master
Submission to the master

Burn my hand with your cigarette
Kiss my lips and then forget
Fly away to a cocoa place
I've got this scar it's on my

Submission to the master
Submission to the master giver

Put me on your latex bed
I won't breathe pretend I'm dead
Kiss my lips and say goodnight
Go to sleep yeah there I lie

Submission to the master
Submission to the master giver
