Ba ba ba ba ba ba
Ba ba ba ba ba ba
Yeah I bought you in 1985
And now you're just a fish bowl in my bedroom
And they said you're just a hobbyist
You're just a hobbyist
You're just a stupid little kid
I was just a hobbyist
I was just a stupid kid
Afraid of losing you to

Technology will take control
Will take control technology
Technology will never die
Will never die technology

Yeah I bought you in 1993
And now you're no use to me
And I know it's not their fault
It was up to you to make us better
So here we are back at the start
So far to choose
And I'm afraid of losing you

Technology will take control
Will take control technology
Technology will never die
Will never die technology

Technology technology

Yeah I know I know I know it's over
Technology has taken over
I know I know I know it's over
Technology has taken over
