You can make me cry you can break my heart
But I'll never say we're through
Even when I die I can't stay mad at you

You can run around you can tell me lies
But there's nothing I can do
I'll never say goodbye 'cause I can't stay mad at you

I got mad at you last night
When you were holding another boy tight
But when I thought about all your charms
I bounced right back into your arms

One thing you'll know for sure I won't be the one
To fall in love with someone new
I'll love you till I die 'cause I can't stay mad at you

I bounced right back into your arms
