I took her to the drive-in, she looked so sweet
We started necking in the back seat
She says she's crazy, well I'm crazy too
I think that bonehead should stop sniffing glue
I think she's nuts, I think she's really gone
I think she's on pot
She's crazy, I'm lazy, who gives a fuck
Oh Yeah...
Monster Zero [x4]
I think she's whacked out, she thinks I'm cheap
I tried to kiss her but she fell asleep
Thought I impressed her with my dad's car
She's looking at me like I'm a retard
I think she's nuts, I think she's really gone
I think that she's on pot
She's crazy, I'm lazy, who gives a fuck
Oh Yeah...
Monster Zero [x4]
