Down in Utah  
The guys and I dig a city called Salt Lake  
It's got the grooviest kids  
That's why we never get tired of Salt Lake  
And the way the kids talk so cool  
Is an out of sight thing  
And the number one radio station  
Makes the town really swing yeah  
Salt Lake City we'll be coming soon  
There's a park near the city, yeah  
All the kids dig the Lagoon now  
It's full of all kinds of girls  
And rides and we'll be flyin' there soon now  
And girl for girl  
They've got the cutest of the Western states  
They got the sun in the summer  
And winter time the skiing is great yeah  
Salt Lake City we'll be coming soon  
Salt Lake City we'll be coming soon  
We'll be coming soon  
We'll be coming soon  
We'll be coming soon
