"Baby, I'm The Creepin' Vine"

Baby I'm the creeping vine
I be creeping baby all the time
This world it moves so fast
You see so many of them rollin' past
And they all goin' nowhere fast

Baby you can drink my wine
Forget about your hard hard time
The price is never right
Don't keep worryin' 'bout the cost
You know love is never lost

If I had my way I'd love all day
If the price is right I'll fight all night

Baby I'm the creeping vine
I be creeping baby all the time
This world may be the last
Don't get hung up in the past
'Cause we all goin' nowhere fast
