Hey Wait
Oh please wait
Don't rush off, you wont be late
Oh wait, yes he'll wait
The engines running, at the gate

Don't believe what you've heard
Faithful is not a bad word

Oh won't you save these bachelor kisses
Now they're for your brow
Oh won't you save these bachelor kisses
Now they're for your brow

Hands,
Hands like hooks
You'll get hurt if you play with crooks
Your hands, that's all he took
The world opened up for your looks

Don't believe what you've heard
Faithful is not a bad word

Oh won't you save these bachelor kisses
Now they're for your brow
Oh won't you save these bachelor kisses
Now they're for your brow

Don't believe what you've heard
Faithful is not a bad word

Oh won't you save these bachelor kisses
Now they're for your brow
Oh won't you save these bachelor kisses
Now they're for your brow
