"Honey From The Bee"

Don't ask me how I got here, I don't know
I'm just a passenger on a train that's moving slow
Rolling through the desert because it's real
I know too well how the old town feels

It just can't be, it just can't be
Time is running away from me
The ragman says "take it like it is"
And don't forget to get your honey from the bee

They serve a bitter brew up on the hill
I was a servant until I made my kill
Rainbow said forever she would glow
I ain't seen that rainbow ten years or more

It just can't be, it just can't be
Time is running away from me
The ragman says "take it like it is"
And don't forget to get your honey from the bee

Waiting in the desert for a breeze
A million dollars on my knees
I don't know what I'm paying or what I bought
It's good to be alive just don't get caught
