Chief you better hold on to your headdress
You no longer need that old address
Look so good, lord it hurt so bad
She got more powerful stuff than your mama had

She's got it on, she's got it on
Red dress don't look back
Red dress tight like that

It's bad when the bayou's bloomin' blue lights
And the parking lots bustin' out in fistfights
Such disturbance just to catch her eye
Old men makin' muscles, lord that eagle flies

She's got it on, she's got it on
Red dress don't look back
Red dress tight like that
