Let's go down to the smokin' hole  
Light us up jes' one more bowl  
Beat our feet on the burning coals  
Let's go down to the smokin' hole

Monkey shine, monkey shine  
Rub my monkey till she shine  
Your breath it smell like turpentine  
Rub my monkey till she shine

Let's go down to the smokin' hole  
Light us up jes' one more bowl  
Beat our feet on the burning coals  
Let's go down to the smokin' hole

Doctor, doctor I got this awful itch  
I didn't know love could be like this  
Life's a dog, love's a bitch  
I think this doctor gonna strike it rich

Let's go down to the smokin' hole  
Light us up jes' one more bowl  
Beat our feet on the burning coals  
Let's go down to the smokin' hole

Junior birdman made his gold  
Playin' that dreamland rock 'n' roll  
One nite he smoke too many bowls  
All he left was smokin' hole

Let's go down to the smokin' hole  
Light us up jes' one more bowl  
Beat our feet on the burning coals  
Let's go down to the smokin' hole
