Baby, I know how lonely life can be
I've been in and out of love so many times,
I've been holding on all my life
And baby, I'm so glad I found you
I'm hoping you're gonna stay,
Hope you never go away

Two hearts beating together
One love that'll last forever
Got to be hanging on
How could my love for you be wrong?

Two hearts beating together
One love that'll last forever
Hope that you're gonna stay
I hope you never go away

And baby,
I'm so glad you're by my side
Never will my lonely past be coming back
And baby, There's something I want you to know
This feeling deep inside
Is the love that I can't hide

Two hearts beating together
One love that'll last forever
Got to be hanging on
How could my love for you be wrong?

Two hearts beating together
One love that'll last forever
Hope that you're gonna stay
I hope you never go away

Baby, I love you
I love you, Love you
Baby, I love you
I love you, Love you

Baby, I love you
I love you, Love you

Baby, I love you
I love you, Love you
