What if that road
That you're taking's
A dead end
What if love leaves you
All jaded and broken
What if that limb breaks
You're climbing out on
Yeah
What if it all goes wrong

But, what if it all goes right
What if it all works out
What if the stars line up
And good luck rains down
What if you chase your dreams
And it changes your whole life
Yeah, what if it all goes right

What if that road
Is a beautiful slow drive
What if that love ends up
Lasting a life time
What if that limb holds you,
Oak tree strong
What if this time
Nothing goes wrong

What if it all goes right
What if it all works out
What if the stars line up
And good luck rains down
What if you chase your dreams
And it changes your whole life
Yeah, what if it all goes right

What if you climb
To the mountain top
And touch the sky
Grab a cloud as it passes by
You might fall you might fall
But then again you might fly

What if it all goes right
What if it all works out
What if the stars line up
And good luck rains down
What if you chase your dreams
And it changes your whole life
Yeah, what if it all goes right
