First take a bass line then add a drum loop
It should trigger primeval movement
Next take a hook line, menacingly repeat
It is infectious, it is contagious

I've been a waitress, a shop girl, a mail girl, a sidekick
And eyes on the future and now this is my hit song

This is my one chance to be a rock star
Come on adore me, this is my image
These are my dancers, come on promote me
Come on adore me, adore me, adore me

I got a cool band, we got a stylist
Our lyrics convey a certain youthful rage
And oh how hungry, oh how we want it
The market research says we will make it

I've been a waitress, a shop girl, a mail girl, a sidekick
And eyes on the future and now, this is my hit song

This is my one chance to be a rock star
Come on adore me, this is my image
These are my dancers, come on promote me
Come on adore me

This is my hit song, this is my one chance
To be a rock star, come on adore me
This is my image, these are my dancers
Come on promote me, come on adore me
Adore me, adore me

Life can be suitably just wait and see
Video, radio, everywhere me
My demographic will spread far and wide
Is this a hit song? Well you can decide

This is my hit song, this is my one chance
To be a rock star, come on adore me
This is my image, these are my dancers
Come on promote me, come on adore me

This is my hit song, this is my one chance
To be a rock star, come on adore me
This is my image, these are my dancers
Come on promote me, come on adore me
Adore me, adore me

This is my hit song, this is my one chance
To be a rock star, come on adore me
This is my image, these are my dancers
Come on promote me, come on adore me
Adore me, adore me
