Groovin on a Sunday afternoon
Really couldnt get away too soon
I cant imagine anything thats better
The world is ours whenever were together
There aint a place Id like to be instead of

Movin down a crowded avenue
Doing anything we like to do
Theres always lots of things that we can see
You can be anyone we like to be
All those happy people we could meet
Just groovin on a Sunday afternoon
Really, couldnt get away too soon

Well keep on spending sunny days this way
Were gonna talk and laugh our time away
I feel it coming closer day by day
Life would be ecstasy, you and me endlessly

Groovin on a Sunday afternoon
Really couldnt get away to soon
No, No, No, No
Groovin
