You are the girl that I love the only I need
You make my life complete, the air that I breath
This is for the man of my life I'll be right by your
Side no matter what life brings you are my everything

I remember when I first laid eyes on you
You were the perfect fit the one I had to choose
My missing piece to make my whole life complete
My everything to the only one I need to succeed in this
game called life
I invisioned the day when you'd become my wife (think
bout that baby)
It felt so right having you by my side and kissin under
the moonlight I
Never imangined I could feel this way so I cherish each
day n pray that you'll stay
Cause babygirl I'm in love with you and there's nothing
in the world I wouldn't give for you I got you

You are the girl that I love the only I need
You make my life complete, the air that I breath
This is for the man of my life I'll be right by your
Side no matter what life brings you are my everything

I heard love only come once in a life time I thank the
lord above
For having you by myside my god in life to keep my on
the right path
That deserves me the special thing I think we have
That we posses a love that's unstoppable, unconditional
it goes deeper than the soul
So now the way loves suppose to feel when I'm with you
it proves that it's so real
Everytime I look into your pretty eyes I see the sparkle
you know your one of a kind
A special lady that takes my breath away with out you
babygirl I will never be the
Same

You are the girl that I love the only I need
You make my life complete, the air that I breath
This is for the man of my life I'll be right by your

Side no matter what life brings you are my everything

Girl that I love my only one I told you that no matter
what they say

You'll be the one in my life the only one for me

You are the girl that I love the only I need

You make my life complete, the air that I breath

This is for the man of my life I'll be right by your

Side no matter what life brings you are my everything
