C'mon Santa
Make me feel all right
Bring me snow on
On this Xmas night

This time is ours
You and me baby
Turn on the lights
They're all so pretty

When you give to me
The greatest gift of all
You're allowed to be tonight (?)

Then I feel okay
Then I feel okay

The tree looks beautiful
The lights are in your eyes
Stained (?) forever
Here on this night

Then you give to me
The greatest gift of all
You're allowed to be tonight (?)
Then I feel okay
Then I feel okay
