My heartbeat is dying cause of you
My heartbeat is dying cause of you
I set down the things I love to be with someone like you
Sought about to make it good but nothing seems to do
My heartbeat is dying cause of you
I revel in the hands of love I bite I scratch I destroy

Horror in the face of love I fought I love I enjoy
But after me I knew you would long to look toward
someone new
I to look back and you to look forward "Oh I see
someone cute."
My heartbeat is dying cause of you
This dead love I leave today I never thought I'd kill
And as I walk I think of why leaving you is a thrill
My heartbeat is dying cause of you
