Do you know how you make me feel?
So dear darling I tell you.
Cos if I keep it in it wouldn't be real
You're my deepest desire
And I don't wanna fight with you
Your my deepest desire
And I don't want to have to
Tie my hands behind my back
So I can't leave and I can't fight back
Oh I'm telling you now just don't do that
Telling you now just don't do that

When I come you go
I don't, I don't follow
Calling me say baby
Come we come we go

Telling you now
How you make me feel
So dear darling don't push me
Cos I don't want to have to choose
Your my deepest desire
And I don't wanna fight with you
Your my deepest desire
And I don't want to have to
Tie my hands behind my back
So I can't leave and I can't fight back
Oh I'm telling you now just don't do that
Telling you now just don't do that
When I come you go
I don't, I don't follow
Calling me say baby
Come we come we go
