I like the way you move
And I wanna feel the beat inside of you
Right here is the perfect place to start
You'll learn the difference between
Where you're going and where you've been
I finally understand what it means to

Love, Love
Oh oh oh
Just wanted you to know

My heart is made for you
Woowhowho!
And every time I leave it breaks in two
You might be the answer to my dreams
Atleast that's what it seems
It might be the cold
My lungs feel weak
Till I can't even speak

And I've finally found the words to keep you here

Love, Love
Oh oh oh
Just wanted you to know
Love, Love
And I wanted you to know,
You didn't have to go

I thank God I found you
I'm finally somewhere I belong
But not for long
Oh oh, oh oh

I think time will find you
In my arms before to long
And singing along
Oh oh, oh oh

Love
Oh oh ahoh
Love, Love

Oh oh oh
Just wanted you to know
Love, Love
And I wanted you to know that it's killing me to go
