I couldn't wait to give you my everything
'Cause this is for real
I've been saving up the things I never say
'Cause this sense of urgency is getting too close to me
And I saved up all the things I never said
Because it's been so long since I felt a song inside me
And I couldn't wait to breathe it and feel it
And we couldn't wait
The days of uncertainty were getting to us
So I'm making up my mind this time, I swear
If you put your trust in me
The words, they will come to me
And I'll shout 'em out aloud for all to hear
I couldn't wait to feel it, repeat it
When I saved up these things I never say
They broke me, killed me and remained locked away
But now I hold thee, now I can't wait to show
So breathe me, feel me, I'll never let you go
Realise it's music in me
I felt a song inside me
And I couldn't wait
