This tongue in me won't sing, won't speak  
These lungs won't breathe  
And it's getting to me  
Those eyes can't see what's inside me  
They try, but they can't get it out  
And it burns  
And it permeates on the tip of my tongue  
Not a liar, though I wish I was one  
If I could sing these words, one thing  
It burns, it stings  
And it's moving through me  
So I decide to keep it inside  
Hold tight. Hold it 'til it's too late  
So spit it out!  
As it permeates  
As it suffocates me  
On the tip of my tongue  
As it burns  
I can't breathe  
So it turns  
And it suffocates in what's left of my lungs  
And it burns  
And it permeates on what's left of the tip of my tongue  
Not a liar, though I wish I was one  
I can't speak
