Like a fever through my body  
great distortion , higher gain  
It comes and I got no excuses  
now IÂ'm forced to tell the truth...  
that IÂ'm lost in the middle,  
going down the gorge  
thereÂ's nothing I can do, way is set:  
canÂ't look around no more  
...and IÂ'm gently going crazy  
please donÂ't let me see the brink  
gimme something for my stiffness  
and IÂ'll let you know the truth...  
that IÂ'm lost in the middle,  
going down the gorge  
yes I really wanna get out of this place!!!  
(X4)  
papapapapapa! papapapapapaaa!
