Silent machines  
Internalized  
Deny yourself  
Internalized  
Sever the ties  
Let the kingdom fall  
Modern advances to better lives  
Killing the will to live  
Mass suicide  
Marching forever blinded by  
Technological contamination  
Mother culture a stagnant carcass  
Controlled by the fear of dying  
Manmade patterns invade and consume  
New dimensions in an aging disease  
Silent machines intenalized to deny yourself  
Silent machines intenalized to deny yourself  
Your primal self conditioned to obey  
Salivate at the foot of your master  
Become the model prisoner  
Sympathize your aggressor  
Watching yourself die  
As the pale horse rides  
On let the kingdom fall  
Modern advances to better lives  
Killing the will to live  
Mass suicide
