To be emulated  
As living machines  
Organic composites  
Doomed to repeat  
Have we been lost forever  
Was this progress unrecorded  
Lying awake inside myself  
Integrate into magnetic polymer  
Drifting through space  
Forever doomed to repeat  
Corollary delusions of life without death  
To be emulated  
As living machines  
For eternal security organic composites  
Within synthetic cognition  
Every event a subset  
To carry the formless will of God  
Mind without body  
Never to be seen  
Forever doomed  
Forever doomed to repeat  
Corollary composites  
Doomed to repeat  
Have we been lost forever  
Was the progress unrecorded  
Lying awake inside myself
