I saw you standing on the corner waiting for the bus
You were twisting your hair
I tripped and stumbled over every single word I said
But you didn't seem to care

With strawberry blossoms in your hair
Curly rays of golden sun
April mornings come and take me away
I'll see you dear, if only in my dreams

Everything's fine, I think I'm gonna be the one to shine
And you can see me if I don't burn out, before I come
back down
Everything's fine, you can go your own way, I'll go mine
And you can see me if I don't burn out, before I come
back down

I saw you standing on the corner waiting for the bus
With that blue star on your chest
And I stopped breathing for a moment, I was staring I
think
At that blue star on your dress

With strawberry blossoms in your hair
Curly rays of golden sun
April mornings come and take me away
I'll see you dear, if only in my dreams

Everything's fine, I think I'm gonna be the one to shine
And you can see me if I don't burn out, before I come
back down
Everything's fine, you can go your own way, I'll go mine
And you can see me if I don't burn out, before I come
back down

Everything's fine, I think I'm gonna be the one to shine
And you can see me if I don't burn out, before I come
back down
Everything's fine, you can go your own way, I'll go mine
And you can see me if I don't burn out, before I come
back down

Everything's fine, I think I'm gonna be the one to shine
And you can see me if I don't burn out, before I come
back down
Everything's fine, you can go your own way, I'll go mine
And you can see me if I don't burn out, before I come
back down
