Slow the car down, on a dark street
Kill the headlights until we meet
We're so close now, the window seat
Now I'm lit, then our eyes meet

And we're speedin' away on a summer night
Pull yourself back inside
And we're speedin' away on a summer night
Pull yourself back inside

Bang bang she goes
Out the window with another one
Bang bang she goes
Sparks flyin' in the back seat

Now she's sparkin', like the stars out
And they're so bight and she's so loud
I let it go, then she explodes
And she's so bright and she's so loud

And we're speedin' away on a summer night
Pull yourself back inside
And we're speedin' away on a summer night
Pull yourself back inside

Bang bang she goes
Out the window with another one
Bang bang she goes
Sparks flying in the back seat

In the back seat
In the back seat
In the back seat
In the back seat

And we're speedin' away on a summer night
Pull yourself back inside
And we're speedin' away on a summer night
Pull yourself back inside

Bang bang she goes
Out the window with another one

Bang bang she goes
Sparks flying in the back seat
