Don't get me started on the things that I've been hearing.  
You have forgotten the face of your father and now you have been disgraced.

You say I got to wear a tie to church,  
and I can only get to Heaven through my works,  
I hate to tell you but you're full of shit.  
Earthly things mean nothing to eternal kings.

Here we go

Whoa-oh  
You tell me that you love me then you say that you hate me  
Whoa-oh  
Well make up your mind before you drive me crazy

I bet you're gonna say this song is offensive,  
a little over the top and abrasive,  
if that is what it takes to wake you up,  
sign me up.

?  
?

I hate to tell you but you're full of shit.  
Earthly things mean nothing to eternal kings.

Here we go

Whoa-oh  
You tell me that you love me then you say that you hate me  
Whoa-oh  
Well make up your mind before you drive me crazy  
Whoa-oh  
You tell me that you love me then you say that you hate me  
Whoa-oh  
Well make up your mind before you drive me crazy

I, I hate you too, I love you too  
I hate you too  
I love you too!  
I hate you too

Here we go.

Whoa-oh  
You tell me that you love me then you say that you hate  
me  
Whoa-oh  
Well make up your mind before you drive me crazy  
Whoa-oh  
You tell me that you love me then you say that you hate  
me  
Whoa-oh  
Well make up your mind before you drive me crazy
