I remember a year ago I was standing in the crowd  
Waiting for my chance to break through, my chance to  
live again.

Now it seems I've found some friends who finally  
understand

What it takes to make this dream come true, we'll be  
here till the end.

Shake it, break it, get off your feet,  
Come dance with me and don't you fake it.  
Shake it, break it, get off your feet,  
Get close to me and don't you fake it.

Shout and scream my friends, connect with me and  
we'll pretend  
This night will never end (whao oh) this night will never  
end.  
Just let go you'll see together we'll do anything  
This night will never end (whao oh) this night will never  
end.

Shake it, break it, get off your feet,  
Come dance with me and don't you fake it.  
Shake it, break it, get off your feet,  
Get close to me and don't you fake it.

Oh, wish I could thank you all for what you have done  
And all of the things that you have shared with me.  
Oh, wish I could take you all to where I must go  
Wish I could take you all, I'll take you in my arms.

Dance, get on the floor, shake, get on the floor, break,  
get on the floor  
Dance, get on the floor, shake, get on the floor, break

Shake it, break it, get off your feet,  
Come dance with me and don't you fake it.  
Shake it, break it, get off your feet,  
Get close to me and don't you fake it.

I'm reaching out here to show you what we've been  
through

I think there's something we can share, that's  
completely new  
Or maybe I'm just insane, whao oh  
Shake it, break it, get off your feet
