This whole routine is getting old  
So am I and so are you.  
My reputation lets me know I can do whatever I want to  
Though it seems that you believe you can do whatever  
it is you please  
Not before, not before you wind up on your knees.

(Don't cry to me no more)  
You like the way that people stare at you now  
You look so fake, just thought that you should know  
And you're all the same and when the curtain drops  
down  
You'll be replaced by something typical.

You set yourself up to be sold.  
And that's okay cause that's your role.  
Manipulation takes it toll.  
What will you do when nobody wants you?  
Though it seems that you believe you can do whatever  
it is you please  
Not before, not before you wind up on your knees.

(Don't cry to me no more)  
You like the way that people stare at you now  
You look so fake, just thought that you should know  
And you're all the same and when the curtain drops  
down  
You'll be replaced by something typical.

I know I've stood so long beside you  
And I know I should have left you right where I had  
found you  
I know I stood so long beside you  
And I've know I should have left you right where I had  
found you

You like the way that people stare at you now  
You look so fake, just thought that you should know  
And you're all the same and when the curtain drops  
down  
You'll be replaced by something typical.

You like the way that people stare at you now  
You look so fake, just thought that you should know  
And you're all the same and when the curtain drops  
down  
You'll be replaced by something typical.
