No more worries now my love,
You'll soon be living, eternally young.
Despite the things we've done.
Trade the pleasure for your pain,
Let's safely go quick into the night and darkness
outside.

I can promise you we'll always be together.
And I can promise you we'll always love each other.

And go!
Just make me your vampire!
In this twilight,
I wanna be the one you need,
Be the one you bleed.

There's no words that can describe,
The feeling that we share deep down inside,
That we shouldn't have to hide.
I have you and you have me.
Together we will be eternally fighting for what's right.

I can promise you we'll always be together.
And I can promise you we'll always love each other.

And go!
Just make me your vampire!
In this twilight,
I wanna be the one you need,
Be the one you bleed.

So go!
Just make me your vampire!
In this twilight,
I wanna be the one you need,
Be the one you bleed.

I can promise you we'll always be together.
And I can promise you we'll always love each other.

And go!

Just make me your vampire!
In this twilight,
I wanna be the one you need,
Be the one you bleed.

So go!
Just make me your vampire! (make me your vampire)
In this twilight,
I wanna be the one you need,
Be the one you bleed. (be the one you bleed)
