Had a little too much
Time to think
Had a little moment
Of insanity
Too bad you had to show me
You are weak
Cuz I was hoping you would be
Stronger than me

How am I gonna do this
For myself
I can't even do it
For anyone else
I just wanna tell you
How I felt
When you laid your head
Down beside me

And then fell the silence
The silence
The silence

Gonna make a long run
For the clear
Gonna take my heart
And disappear
Then I'll be all alone
Just what I fear
But I'm more lonely
Having you here

Killing the silence
The silence
The silence

You say in love we must be victims
Close our eyes and fall
But it's twice as hard to love you
When I don't love you
At all
