You call time out  
It's coming to closure  
I spin you 'round  
Till you fall over  
And over  
And over  
And it's over

I'm too scared to  
Be brave for you  
Courage is not  
To be thought through

And if I knew what to do  
I wouldn't keep on asking you  
And I still try to justify  
A heart that's filled with  
Karmic fear and doom  
And everything's  
Too far away too soon  
What if

I call time out  
Close your eyes  
Count to ten  
I'll spin you 'round  
Till you fall down again  
And again  
And again  
And never again

I dropped a hint  
Right on your doorstep  
I let light in  
Just as the darkness set

And you know I  
Want to try  
Everything to make you mine  
But when you are  
I'll push you far away

And pray one day this might stop  
And the momentum  
Of my hear will drop  
What if  
What if

What if I love you  
What if I love you  
What if I love you  
I love you  
I love you
