That holds the first and I'm the last  
I wasn't good at arts and crafts  
Move, my mood  
You've got the the thirst and that's too bad  
I've got the water and it's the last  
Move, my mood  
Your testimony shakes and all you want, it breaks  
I would never leave,  
You've found somebody is it true?  
That's real, was it you?  
My mood  
That holds the first and I'm the last  
I wasn't good at arts and crafts  
Move, my mood  
You've got the the thirst and that's too bad  
I've got the water and it's the last  
Move, my mood  
Your testimony shakes and all you want, it breaks  
I would never leave,  
You've found somebody is it true?  
That's real, was it you?  
My mood  
It's loud  
That's right  
Is it bright?  
Could've tried  
Or break down  
You know my hearts outside
