It's just red and white
Get a little older and that's alright
Seven years colder by the sight
I bought you some flowers and every day gets longer

I guessed you might
Get a little quieter a that's alright
Still I keep holding onto you
Bleach scarred honey there, sleeping pills aren't strong

Hit the walls on my back
To reconcile with the lights out
Falling down the lighthouse
Still I found your little toy soldier, buried under...

It's a heavy malign
Ceremony breakdown every time
Bells keep ringing out loud in rhyme
Heart beats faster, every breathe gets stronger

I can't rewind
Or ever move forward, that's alright
Still I keep holding onto you
Bleach scarred honey there, sleeping pills aren't strong

Hit the walls on my back
To reconcile with the lights out
Falling down the lighthouse
Still I found your little toy soldier, buried under...

Set alight, It's a slow burn bury me
Set alight, It's a slow burn bury me
Keep alive and keep secrets buried beneath
Set alight, It's a slow burn bury me

Set alight, It's a slow burn bury me
Set alight, It's a slow burn bury me
Keep alive and keep secrets buried beneath
Set alight, It's a slow burn bury me

Hit the walls on my back
To reconcile with the lights out

Falling down the lighthouse
Still I found your little toy soldier, buried under...
