Dare I face away
with a stone moving hand
maybe you would stay
if i'd just give in

Chorus:
but I wont
cause she dont know
that it's not easy
to be pleasing
everyone cause your by yourself
when your lost for a season
but I've got a reason to find
a door way out of here

closed down questioning
schemes you see right through
crowd is listening
leaving only you

(chorus)

da da da . . .
yeahhhh

(chorus)
find a door way out of here yeahhh
to find a door way out of here

and day light fades away
with a storm moving in
and maybe we'll stay
if I just give in
