### Verse

Oh Hermione, did you hear a word I said?  
Did you ever know it all?  
Been dropping clues like it's my job,  
I changed the way I wear my tie to please you.

### Chorus

So I asked myself what will it take?  
For you to see me in that way.  
In the great hall, In the great hall,  
I'll stand atop the table and scream, I'll scream.

### Verse

Your my favourite know it all but I've said that before,  
I tried to talk to you but my rant became the floor  
I've seen you eyeing me as I eyed you,  
It's becoming very clear what we want to do. (and that's  
eachother)

### Chorus

### Bridge

Harry's advice is ringing in my ears,  
He said just do it, just do, just do it, just do it.  
Okay

### Chorus

### Ending

Maybe tomorrow, maybe tomorrow I'll tell her the truth.
