When
I was 14
I listened to ray and the kids
News everyday
Second door
Now I have to see
Playing those records so loud
The way it should be
Now I
Don't want this way
Don't need this way
Don't love this babe
Sometimes
I feel nothing
Just bored on the look low lives
My sister
Feels the same way
No connection to anyone
Nothing to say
Oh I
Don't need this way
Don't want this way
Don't love this babe
Everyone
Around here's so cool
All the cultural things
And all the shoes
Now I
Don't walk this way
Don't need this way
Don't love this babe
Oh I
Don't walk this way
Don't need this way
Don't love this babe
I don't love this babe
