It's about time you made a choice of when you're  
coming over  
I asked you a long time ago, but still there's no word  
Of when you'll leave your friends for me  
In the itinerary is a thousand places we could be  
(one thousand places we could be)  
Manhattan, Pittsburgh, Paris, France (Paris, France) or  
Columbus, Ohio  
Australia, London, Tokyo (Tokyo) but still you say no!  
I don't care, but need to know when you'll join me out  
on the road  
What will it take for you to go, (what will it take for you  
to go)  
(You know I try) You're not tryin'  
(But I'm so tired) Keep tryin'  
Try, try to stay awake  
Try, try to stay awake  
Try, try to stay awake  
But you just keep sleeping  
You keep sleeping  
(you're not trying)  
It's about time you came to me (it's about time you  
came to me) I'm always flying to you  
One last shot I can try to do, out of desperation!  
Send an airline ticket to your home (to your home to  
your mama and papa)  
But you probably won't show, waiting at JFK with little  
hope (now you know it)  
Try, try to stay awake  
Try, try to stay awake  
Try, try to stay awake  
But, you just keep sleeping  
Try, try to stay awake (try to stay awake) (you're not  
tryin')  
Try, try to stay awake (try to stay awake) (you're not  
tryin')  
Try, try to stay awake (try to stay awake) (you're not  
tryin')  
Or you'll just keep sleeping  
(you keep sleeping) You keep sleeping (you're not  
tryin') You're not tryin'  
(keep sleepin') Keep sleepin' (you're not tryin') You're

not tryin'  
(Keep sleepin', keep sleepin')
